

Masterpiece Monogramming has been in business for 30 Years!

Family and Female Owned and Operated!

Masterpiece Monogramming first opened our doors in 1985!

Kathy has over 30 years of experience with traditional chain stitch embroidery and chenille used for decorating varsity jackets. She is also the *Embroidery Master* here at **Masterpiece Monogramming**, creating quality monogramming on some of the most challenging of projects including golf bags, suit cases, and leather items.

Janelle is **Kathy's** awesome and equally talented daughter!

Janelle will help set your ideas into motion, and work with you to create a design, logo, or uniform that sets you apart. She is also, the operator of all the fun printing machines. Together, they run the day to day operations of the business and keep up on the latest products and personalization trends.

We recently welcomed **Ashli** to the shop. She is a Jill of all trades and fits right in helping us keep everything running smoothly and introducing new ideas to help us grow. Her infant son Nolan supervises and keeps us all on our toes.

Please welcome **Barb** to our store, Barb helps us with social media and website maintenance.

Marco is our shop mascot and customer service champion. He loves snuggles but gets a little shy around children when they chase him. Make sure you say hi to him while you're here.

Trixie is our box protector and helper and loves to be petted when you stop into the store. She is very lovable and soft. She goes to obedience school right now. Don't worry, we keep them away from your products and lint rollers are always handy.
